Subject: Confirmation of Teaching Experience

To Whom It May Concern,

I am pleased to provide this letter confirming the teaching experience of Associate Professor Dr. Nataliya Popovych (Associate Professor at the Department of Multicultural Education and Translation at Uzhhorod National University (Ukraine)). She has been invited as a guest Associate Professor and has been actively teaching at the Language Centres of TU Darmstadt from September 2023 to October 2024. Dr. Popovych is highly experienced in delivering high-quality instruction of DaF Courses. The total number of teaching hours during this period amounts to around 425 academic hours.

During this time in our Language Centre, Dr. Popovych has taught a variety of DaF Courses, including the Intensive German Course, the Extensive German Course, and German Course for PhD Students and Postdoctoral Researchers. The languages of instruction for these courses were mostly German and if needed, English. Her expertise in language instruction, combined with her ability to engage students in teaching, has been remarkable.

Dr. Popovych has demonstrated an outstanding commitment to effective teaching, employing methodologies required by our Language Centre to enhance student learning outcomes. Her contributions have been held in high esteem by both students and faculty.

In recognition of her dedication and excellence in teaching, I hereby confidently affirm Dr. Popovych's teaching experience and professional qualifications.

Sincerely,
